PRO BONO PVBLICO

PREFACE

In submitting Volume XV of the Charlotte, N C City Directory, it is gratifying to note the progress that is being made in industries and growth of population.

A great factor in the upbuilding of any city is its civic pride; the fact that your citizens stand as a unit on everything that affects the prosperity of your city is worthy of commendation.

The City Directory is one of the foremost enterprises of any city; it is generally referred to by the press of the whole country as a semi-public institution of great value.

The Directory is more than a mere list of names of residents, giving their various occupations and addresses, it is an infallible guide to your city, for your people and for the stranger within your gates. It not only deals with your people, but with your government, your institutions and various other organizations. It is a recognized standard work of reference and becomes the most reliable history of your city and its citizens. As there is no other publication in the world which gives the information as contained in the City Directory, there is probably no other publication in which all the people are so vitally interested.

To gather the data and compile a volume of this character is no easy task. It requires time, a well defined system, acquired only by years of experience, the patience of Job and incurs no little expense. Few people have any idea of the work it means and the tenacity it takes to publish a reliable directory.

In preparing this book the publishers have spared neither time nor expense, and if errors occur or a single name is omitted which should appear in the work, it is generally the fault of the public and not of the publisher, as every house is visited and it is not the publisher's or canvasser's fault if some one fails to give all the information or gives it incorrectly. The intentions of the reliable publisher are always for improvement, and you can always count on getting as accurate a directory as circumstances will permit. No directory is perfect.

The estimate of the population of a city is a matter necessarily enjoined upon the directory publisher; such estimates, however, are not merely theoretical, but based on facts, sustained by the contents of the publication.

This volume contains 19,202 names of individuals; using the conservative multiple 2½ times, to represent the names of married women and children not counted indicates a population of

~~19,202~~

(This does not mean simply population inside the city limits, but takes in consideration all suburbs included in the Directory.)

In concluding, we desire to thank our patrons for their support and to extend our thanks to the public in general for the courteous way in which nearly everyone supplied our canvassers with the desired data. This publication hereafter will be delivered annually about May 1st.

Yours truly,

PIEDMONT DIRECTORY CO., ERNEST H. MILLER, Pres.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

Biddle University

CHARLOTTE, N. C.

Biddle University, founded by the Presbyterian Church in the U. S. A., has four departments, namely, Normal and Preparatory, Arts and Sciences. Theological, and Industrial.

The Preparatory and Collegiate Departments have each two courses of study, Classical and Scientific; the Scientific omitting the Greek ond Latin Classics.

The Normal and Preparatory School is designed to prepare the student for teaching and for business life, or for entering the School of Arts and Sciences.

All students in the Preparatory course are required to take some trade and report every day for work in the Industrial School. College students may also take trades. At present several trades are being taught—Carpentry, Printing, Bricklaying, Plastering, Shoemaking and Blacksmithing. One-fourth of the time in recitation hours is devoted to industrial training.

The Collegiate Department consists of four years, the Theological three. The course of study prescribed in the Theological Department is liberal and practical. Besides the ordinary English subjects of the Theological Seminary, students who have taken a College course, or its equivalent, pursue exegetical study of the Greek and Hebrew Scriptures in the Junior and Middle years. Where the previous training of students has been partial and his years are mature a shorter and purely English course has been provided.

The school year begins the 1st Wednesday of October, and closes the 1st Wednesday of June.

For information or catalogue, write President H. L. McCrorey.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

Dr. Corbett's Sanitarium

GREENVILLE, S. C.

An institution for the care of selected cases of nervous trouble and addictions to drugs and alcohol. No mental cases accepted.

Treatment is individualized to suit requirements of each patient. Drug habit treated by gradual withdrawal. Minimun discomfort.

Climate fine and equable. Pure water from mountain springs. Summers delightful; winters moderate.

Building quietly located, conveniently arranged and heated by steam. Atmosphere homelike, cheerful and bright; rooms airy and clean; table as good as market affords. Address,

Dr. L. G. CORBETT,

L. C. Smith & Bros. Typewriter

(Ball Bearing—Long Wearing)

In buying a typewriter you want a satisfactory answer to three questions:

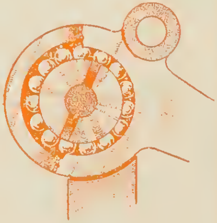
What will it do for me?
How well will it do it?
How long will it do it?

By answering these queries with the needs of the typewriter owner and user in mind, the L. C. Smith & Bros. Typewriter Company has attained the front rank in the typewriter field.

Some people think that a *typewriter* is a *typewriter* and that is all there is to it. Machines may look alike but there is a lot of difference in efficiency.

The new Model Five is built not only for straight correspondence but for tabulating, billing and in fact for every service needed in the average business.

Its ball bearings at all points where friction developes through action, permit close adjustment and insure correct and accurate typewriting.



We would like the opportunity to tell you more about it.
Write for free book of our new Model Five.

A PERSISTENT ADVERTISER

One of the most persistent advertisers in the history of success was Robinson Crusoe.

He believed in advertising.

He knew what he wanted—a ship.

And he put up an ad for one.

He flung a shirt on a pole at the top of his island; that, in the language of the sea, was plain to every seafaring man.

The circulation was small and there was no other medium, but Crusoe kept it there despite the fact that he got no inquiries for a long time. He changed his copy—as one garment after anther was flapped out—and in the end got what he wanted, was happy, and his name and fame have come down through the ages.

The present-day merchant is much better off than Crusoe.

He Has The City Directory through which he can reach all the people, some of whom want his goods. Your chances of success are thousands to his one, but your chances of failure are the same as his.

Suppose Robinson Crusoe had taken down that signal after, say a year, and declared, "Advertising doesn't pay," where would he and his story now be?

Put up your signal and keep it up. There will be a number of ships crusing around during the year, 1913, that will be glad to call and take you off the island of Dull Business.

Crusoe advertised under discouraging circumstances. You have got a sure thing—**The City Directory.**

Mr. Manufacturer, Merchant (Wholesale and Retail):

No other Publication in the world so thoroughly represents the commercial. social and private interests of your city as The City Directory. Representing, as it does, every private citizen from the hovel to the mansion; every commercial, social, religious and educational institution and all other data pertaining to your city. it is beyond question. the most accurate and complete index to the city and its various interests in existence..

The Directory is the dictionary to the city and the Piedmont Directory Co. intend that 1913 Directory shall be **The Unabridged Edition.** "The first aid to strangers and a standard remedy for homefolks," accurate, complete and up-to-date in every respect. Unusual prospects of profit (direct and indirect) and **Civic Pride** should influence every manufacturer and business man to have full representation in this Directory. and every well-governed home to have a copy of the latest Directory for the use and convenience of Strangers and visitors. **"Know thyself"** is sound medical advice;**Know Your City** is equally good business advice. Consult the Directory when you want to buy or sell and you will get the best of everything at the lowest price and help reduce the hight cost of living.

Mr. Charlotte Manufacturer and Business Man—The Charlotte Directory is your city's only standing representative to the world beyond your own gates and the only index to your city's growth and prosperity. The 1913 Directory, by the exchange system, now in general use. will be placed in the Directory Libraries of the **Principal Cities of The United States** for the use of all who wish to consult its pages. A well-patronized city directory indicates a good city to locate in.

Yours truly,

Ernest H. Miller, Pres. and Genl Mngr **PIEDMONT DIRECTORY CO.**

A STORY WELL TOLD WILL STICK

THE MOST UNIVERSAL STORY OF TODAY

YOU HAVE IN THE ONE WORD

EFFICIENCY

Efficiency in Your Profession
Efficiency in Your Trade
Efficiency in Your Business
To be Efficient

is to be Up-to-Date and Modern in Every Respect

Efficiency is Essential to Success

It Means the Saving of Dollars

You may do business and make a living along the lines your grandfather followed, but your business will never be a success. Anyone can make a living.

EFFICIENCY

Means to get out of the rut, to employ the best help, to use modern methods, to have the best equipment, so as to quickly and economically preform your work.

In no other way can you withstand competition.
The City Directory is the Most Efficient Timesaves.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)
IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

"Recognized Leader Among Typewriters"

Consider all that is meant by these words

Leadership means superiority of product—a superiority which produces leadership and is proved by leadership.

It means more than this. It means everything associated with the word ***FIRST***.

The Remington Typewriter is first in history, first in prestige, first in quality, first in recent improvements, first in size and completeness of organization, first in distribution, and first in service to the customer.

The word ***FIRST*** in every department of leadership applies only to the

Remington

REMINGTON TYPEWRITER COMPANY, Inc.

229 South Tryon Street
CHARLOTTE, N. C.

Wachovia Bank Bldg.
WINSTON-SALEM, N.C.

25 Broad Street, CHARLESTON, S. C.

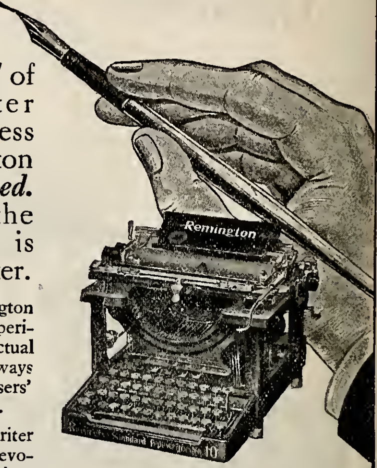
Necessity was the Mother of the Remington

WHEN the *need* of the typewriter came to the business world, the Remington came. Others ***followed.***

Remington was the first typewriter — it is still the ***first*** typewriter.

First in the field, the Remington organization began building experience, step by step, from the actual practice of typewriter users—always a step or two in advance of the users' need. Other makes *followed.*

Today the Remington typewriter stands unique as the greatest revolutionizer, the greatest energizer the commercial world has ever seen. And by no means *least* of its beneficiaries are *all* other makes of typewriters — for the Remington *created* the typewriter industry and blazed the way—for the others to *follow.*



1,600,000 Remington-written letters mailed in New York City alone every business day in the year.

That tells the story of Remington pre-eminence, of the confidence of captains of commerce in it, of the faith of tens of thousands of efficient employees, of the limitless selection in choice of operators and choice of positions—the machine that has made work for the millions, and millions for the work.

Remington—the first Typewriter.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

If You are Looking for Progressive Merchants

Ring up and Deal With the

Advertisers in this Directory

THE GREATEST VALUE IN ADVERTISING is that presented at the time one is ready to buy; the classifications in the City Directory are the very best forms of advertising, because they reach the buyer when he is seeking the name and address of some business house from whom he may buy.

MORE GOODS ARE BOUGHT AND SOLD through the classified lists in the City Directory than by any other medium in the city.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)

IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.

ELIZABETH COLLEGE (Not Denominational)
IS constantly rising higher in the estimation of the people of North Carolina and other States as an institution of learning. The high Curriculum prescribed and adhered to in every department gives it a place in the front rank of high grade Colleges for young women, and the Music Department has done much to win for it the high place it holds in the Educational World.—Editor Charlotte Observer.
